The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

**APPROVAL TO ALLOCATE FUNDS FOR THE  
DOMESTIC VIOLENCE EMERGENCY SHELTER PROGRAM  
FOR FISCAL YEAR (FY) 2005-2006  
(ALL DISTRICTS 3-VOTES)**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve the funding allocations for the continued provision of the Domestic Violence Emergency Shelter Program (DVESP) in the amount of \$1,625,000, of which \$1,495,000 will be used for the service providers shown on Attachment I, in the amounts indicated, and \$130,000 will be used for Community and Senior Services (CSS) administrative costs effective July 1, 2005 through June 30, 2006. The cost of the program is funded from the Domestic Violence Special Fund for the DVESP.
2. Authorize the Interim Director of CSS, or designee, to negotiate and execute contracts in substantially similar form to Attachment II with the service providers indicated on Attachment I for provision of domestic violence emergency shelter services, after County Counsel approval, effective July 1, 2005 through June 30, 2006. The FY 2005-2006 contract costs are fully financed using the Domestic Violence Special Fund.
3. Authorize the Interim Director of CSS, or designee, to execute contract amendments in substantially similar form to Attachment III to increase or decrease original contract amounts based on contractor performance and availability of funding and provided that: (a) the amount of change does not

exceed 25% of the original contract amount; (b) approval of County Counsel and the Chief Administrative Office (CAO) is obtained prior to any such amendment; and (c) the Director of CSS confirms in writing to the Board of Supervisors and the CAO within 30 days after execution that such amendments have been executed. This action assures full expenditure of funds and is consistent with the Board's policy requiring review of contractor performance.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The recommended actions will allow the Department to continue administration of the DVESP to provide emergency shelter services to victims of domestic violence residing in Los Angeles County. This program allows for the provision of services that includes, but not limited to, crisis intervention, counseling, transportation, shelter, food and clothing that will assist in their safety and survival and move them toward self-sufficiency.

### **Performance Measures**

The DVESP performance evaluation is aligned with the County's Performance Counts Initiative. The standard of performance measurement for program effectiveness is indicated by clients achieving one of the following positive outcomes:

- Assistance in developing a domestic violence safety plan;
- Remained in emergency shelter more than (3) three days; and
- Attainment of a court restraining order.

The Department will assess the agencies' performance through its analysis of monitoring reports produced by the CSS Centralized Compliance Division.

### **Implementation of Strategic Plan Goals**

The recommended actions support the Countywide Strategic Plan Goals of Service Excellence and Program Goal of Children and Families' Well Being.

### **FISCAL IMPACT/FINANCING**

A special fee of \$23 per marriage license issued and one-third of fines collected from convicted batterers are deposited into the Domestic Violence Special Fund, which is used to finance the DVESP. The estimated FY 2005-2006 cost of this program is \$1,625,000 and is distributed as follows:

• Contracted Shelter Agencies	\$ 1,495,000
• CSS (for administrative costs)	<u>\$ 130,000</u>
	<b>\$ 1,625,000</b>

There is no impact on the County general fund as the DVESP is fully financed by the Domestic Violence Special Fund. Funding has been included in the Department's FY 2005-06 Proposed Budget.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

A total of \$1,495,000 will be allocated to 23 DVESP service providers listed on Attachment I for FY 2005-06. Funding projections for the DVESP are based on the amount of marriage license fees and batterers' penalty fines collected in Los Angeles County.

On January 18, 2005, your Board approved contract amendment reductions by 20% due to a shortage in the fund balance at the year-end closing of FY 2003-04. Additionally, collections of court fines for the first four months of FY 2004-05 did not result in increased revenues as anticipated. As a result, the overall amount collected for both marriage license fees and batterers' penalty fines have decreased and the total amount available for FY 2005-06 is \$1,495,000.

### **CONTRACTING PROCESS**

All agencies being recommended for funding were successful in the Request For Proposal (RFP) process conducted by CSS in March 2003. This is the third year of the three-year funding cycle. CSS will be releasing an RFP in December 2005 to solicit applicant agencies to provide domestic violence emergency crisis services for another three-year funding cycle beginning July 1, 2006 through June 30, 2009.

The agencies listed in Attachment I have performed at or above the contractual requirements and are being recommended for continued funding.

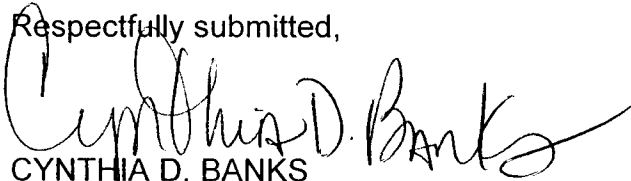

Monitoring

CSS will ensure that all approved contractors are monitored relative to contract compliance and administrative, programmatic and fiscal requirements. The DVESP is a performance-based, fee-for-service contract and all service providers are required to submit outcome measures and costs associated with completion of tasks in the statement of work. CSS will analyze the program yearly and will adjust costs accordingly to meet the County's cost of living adjustment (COLA) policy as adopted by the Board on January 29, 2002. All providers are monitored quarterly for programmatic compliance through the CSS Centralized Compliance Division. Fiscal compliance monitoring is conducted bi-annually with a follow up visit by an approved vendor procured through the Auditor-Controller.

**IMPACT ON CURRENT SERVICES**

The recommended actions will allow CSS to administer the DVESP to provide services to approximately 3,000 victims of domestic violence and their children in FY 2005-06.

Respectfully submitted,

CYNTHIA D. BANKS  
Interim Director

**AUDITOR CONTROLLER**

**CONTRACT ACCOUNTING AND ADMINISTRATION HANDBOOK**

*The following handbook is designed for inclusion in most contracts for services entered into by County departments. The purpose of the handbook is to establish accounting, internal control, financial reporting, contract administration standards for organizations (contractors) who contract with the County.*

# AUDITOR-CONTROLLER CONTRACT ACCOUNTING AND OPERATING HANDBOOK

The purpose of this Handbook is to establish required accounting, financial reporting, and internal control standards for entities (contractor) which contract with the Los Angeles County.

The accounting, financial reporting and internal control standards described in this Handbook are fundamental. These standards are not intended to be all inclusive or replace acceptable existing procedures or preclude the use of more sophisticated methods. Instead, this Handbook represents the minimum required procedures and controls that must be incorporated into a CONTRACTOR's accounting and financial reporting systems. The internal control standards described are those that apply to organizations with adequate staffing. Organizations with a smaller staff must attempt to comply with the intent of the standards and implement internal control systems appropriate to the size of their staff/organization. The CONTRACTOR's subcontractors must also follow these standards unless otherwise stated in the Agreement.

## A. ACCOUNTING AND FINANCIAL REPORTING

### 1.0 Basis of Accounting

Contractors may elect to use either the cash basis or accrual basis method of accounting for recording financial transactions. Monthly invoices must be prepared on the same basis that is used for recording financial transactions.

- 1.1 The County recommends the use of the accrual basis for recording financial transactions.

#### Accrual Basis

Under the accrual basis, revenues are recorded in the accounting period in which they are earned (rather than when cash is received). Expenditures are recorded in the accounting period in which they are incurred (rather than when cash is disbursed).

#### Accruals

Accruals shall be recorded observing the following:

- ♦ Only accruals where cash will be disbursed within six months of the accrual date should be recorded.

- ♦ Recorded accruals must be reversed in the subsequent accounting period.
- 1.2 If an agent elects to use the cash basis for recording financial transactions during the year:
- ♦ Necessary adjustments must be made to record the accruals at the beginning and the end of the contract.
  - ♦ All computations, supporting records, and explanatory notes used in converting from cash basis to the accrual basis must be retained.

1.3 Prepaid Expenses

Prepaid expenses (e.g., insurance, service agreements, lease agreements, etc.) should only be expensed during a given Agreement year to the extent goods and services are received during that Agreement year.

## ACCOUNTING SYSTEM

- 2.0 Each agent shall maintain a double entry accounting system (utilizing debits and credits) with a General Journal, a Cash Receipts Journal, a General Ledger, and a Cash Disbursements Journal. The County recommends that a Payroll Register also be maintained. Postings to the General Ledger and Journals should be made on a monthly basis.

2.1 General Journal

A General Journal shall be maintained for recording adjusting entries, reversing entries, closing entries, and other financial transactions not normally recorded in the Cash Receipts Journal or Cash Disbursements Journal. Entries in the General Journal must be adequately documented, and entered in chronological order with sufficient explanatory notations.

Example:	DR	CR
Rent Expense	100	
Rent Payable		100

To record accrued rent to March 31, 20XX

2.2 Cash Receipts Journal

A Cash Receipts Journal shall be maintained for recording all cash receipts (e.g., County warrants, contributions, interest income, etc.). The

Cash Receipts Journal shall contain (minimum requirements) the following column headings:

- date
- receipt number
- cash debit columns
- income credit columns for the following accounts:
  - County payments (one per funding source)
  - Contributions
  - Other Income (Grants, sales of supplies/services, rental income, miscellaneous revenue, fees, etc.)
- Description (Entries in the description column must specify the source of cash receipts.)

### 2.3 Cash Disbursements Journal

A Cash Disbursements Journal shall be maintained for recording all cash disbursements (e.g., rent, utilities, maintenance, etc.)

The Cash Disbursements Journal shall contain (minimum requirements) the following column headings:

- date
- check number
- cash (credit) column
- expense account name
- description

Note (1) Separate expense columns are recommended for salary expense and other recurring expense classifications for each program.

Note (2) Entries in the description column must specify the nature of the expense and the corresponding expense classification if not included in the column heading.

Note (3) Checks should not be written to employees (other than payroll, mileage, travel, and petty cash custodian checks.)

A Check Register may be substituted for the Cash Disbursements Journal, but this is not recommended. If used, the Check Register must contain the same expense classifications and description information required when a Cash Disbursements Journal is used.

Disbursement without supporting documentation will be disallowed on audit. Cancelled checks and credit card statements (VISA, AMEX,

department store, etc.) will not constitute acceptable support. (See Section A.3.2 and B2.4) for additional guidance.

#### 2.4 General Ledger

A General Ledger shall be maintained with accounts for all assets, liabilities, fund balances, expenditures, and revenues. Separate accounts must be maintained for each County program's expenses and revenues.

#### 2.5 Chart of Accounts

- A Chart of Accounts shall be maintained:

The County recommends that agents use the expense account titles on the monthly invoice submitted to the County.

- If the contractor uses account titles which differ from the account titles on the monthly invoice, each account title must clearly identify the nature of the transaction(s) posted to the account.
- Contractor must consistently post transactions that are of a similar nature to the same account. For example, all expenses for travel shall be posted to the account titled "travel" or "travel expense" and not intermixed with other expense accounts.

#### 2.6 Payroll Register

The County recommends that a Payroll Register be maintained for recording all payroll transactions. The Register should contain the following:

- Name
- Position
- Social Security Number
- Salary (hourly wage)
- Payment Record including:
  - accrual period
  - gross pay
  - itemized payroll deductions
  - net pay amount
  - check number

If a Payroll Register is not used, the information in (2.6) must be recorded in the cash disbursements journal.

CONTRACTOR will ensure compliance with all applicable federal and State requirements for withholding payroll taxes (FIT, FICA, FUTA, SIT, SIU, etc.), reporting, filing (941, DE-7, W-2, W-4 and 1099s), and all applicable tax deposits.

Contractor will ensure compliance with Internal Revenue Service guidelines in properly classifying employees and independent contractors.

## 2.7 Contractor Invoices

Each agent shall present an invoice to the County each calendar month to report the financial activity of the month. In addition, if advanced funding is involved, an invoice shall be presented at the beginning of the contract period. Invoices shall be prepared in the manner prescribed by the County's contracting department.

## 3.0 Records

Adequate care shall be exercised to safeguard the accounting records and supporting documentation. Any destruction or theft of the CONTRACTOR's accounting records or supporting documentation shall be immediately reported to the County.

### 3.1 Retention

All accounting records (e.g., journals, ledgers, etc.), financial records and supporting documentation (e.g., invoices, receipts, checks, etc.) must be retained for a minimum of five years after the termination of the CONTRACTOR's agreement.

### 3.2 Supporting Documentation

All revenues and expenditures shall be supported by original vouchers, invoices, receipts, or other documentation and shall be maintained in the manner described herein.

Invoices, receipts and canceled checks will be required to support an outlay of funds. Unsupported disbursements will be disallowed on audit. CONTRACTOR will be required to repay COUNTY for all disallowed costs. **Photocopied invoices or receipts, any internally generated documents (i.e., vouchers, request for check forms, requisitions, canceled checks, etc.), and account statements do not constitute supporting documentation for purchases.**

Supporting documentation is required for various types of expenditures as follows:

**Payroll** – time and attendance records signed by the employee and approved in writing by the supervisor, time distribution records by program accounting for total work time on a daily basis for all employees, records showing actual expenditures for Social Security and unemployment insurance, State and federal quarterly tax returns, federal W-2 forms, and federal W-4 forms.

**Consultant Services** – contracts, time and attendance records, billing rates, travel vouchers detailing purpose, time and location of travel, purchase orders and invoices for supplies and invoices or other supporting documentation detailing the nature of services provided.

**Travel** – travel policies of the CONTRACTOR (written); travel expense vouchers showing location, date and time of travel, purpose of trip, and rates claimed; vehicle mileage logs showing dates, destination and headquarters, purpose of trip, and mileage. Travel related to conferences should include conference literature detailing purpose of the conference. Reimbursement rates for mileage shall not exceed applicable federal guidelines.

Reimbursement for actual receipts or per diem rates for meal expenses shall not exceed the maximum County's reimbursement rate for employees.

Receipts shall be required for lodging for approved out-of-town travel dates. Maximum reimbursable lodging amount is the maximum County's reimbursement rate for employees for a single occupancy hotel accommodation.

**Operating Expenses** (e.g., utilities, office supplies, equipment rentals, etc.) – bona fide contracts or lease agreements, if any, and invoices and receipts detailing the cost and items purchased will constitute the primary supporting documentation. For internal control purposes, the CONTRACTOR may maintain vouchers, purchase orders, requisitions, stock received reports, bills of lading, etc.

**Outside Meals** - receipts and/or invoices for all meals, a record of the nature and purpose of each meal, and identification of the participants.

### 3.3 Payments to Affiliated Organizations or Persons

CONTRACTOR shall not make payments to affiliated organizations or persons for program expenses (e.g., salaries, services, rent, etc.) that exceed the lower of actual cost or the reasonable cost for such expenses. A reasonable cost shall be the price that would be paid by one party to another when the parties are dealing at arm's length (fair market price).

Organizations or persons (related parties) related to the CONTRACTOR or its members by blood, marriage, or through legal organization, corporation, partnership, association, etc.) will be considered affiliated purpose of this Agreement. County shall be solely responsible for the determination of affiliation unless otherwise allowed and approved by the State or federal agencies.

Payments to affiliated organizations or persons will be disallowed on audit to the extent the payments exceed the lower of actual costs or the reasonable costs for such items.

#### 3.4 Filing

All relevant supporting documentation for reported program expenditures and revenues shall be filed in a systematic and consistent manner. It is recommended that supporting documents be filed as follows:

- checks – numerically
- invoices – vendor name and date
- vouchers – numerically
- receipts – numerically
- timecards – pay period and alphabetically

#### 3.5 Referencing

Accounting transactions posted to the CONTRACTOR's books shall be appropriately cross-referenced to supporting documentation. It is recommended that expenditure transactions on the CONTRACTOR's books be cross-referenced to the supporting documentation as follows:

- invoices – vendor name and date
- checks – number
- vouchers – number
- revenue – receipt number

Supporting documentation for non-payroll expenditures (i.e., operating expenditures) should be cross-referenced to the corresponding check issued for payment. If multiple invoices are paid with one check, all

related invoices should be bound together and cross-referenced to the check issued for payment.

#### 4.0 Donations and Other Sources of Revenue

Restricted donations and other sources of revenue earmarked specifically for the Contract must be utilized on allowable contract expenditures.

## 5.0 Audits

The agent will make available for inspection and audit to County representatives, upon request, during working hours, during the duration of the contract and for a period of five years thereafter, all of its books and records relating to the operation by it of each project or business activity which is funded in whole or part with governmental monies, whether or not such monies are received through the County. All such books and records shall be maintained at a location within Los Angeles County.

## 6.0 Single Audit Requirements

OMB Circular 133, "Audits of State, Local Governments and Non Profit Organizations" requires that certain organizations receiving federal awards, including pass-through awards, have annual audits. Details are contained in the respective Circular.

A copy of any Single Audit reports must be filed with the County within the timeframes prescribed by the applicable Circular.

## B. INTERNAL CONTROLS

Internal controls safeguard the CONTRACTOR's assets from misappropriations, misstatements or misuse. Each CONTRACTOR shall prepare necessary written procedures establishing internal controls for its personnel. The CONTRACTOR shall instruct all of its personnel in these procedures and continuously monitor operations to ensure compliance with them.

### 1.0 Cash Receipts

#### 1.1. Separate Fund or Cost Center

All contract revenues shall be maintained in a bank account. If revenues from other sources are maintained in the same bank account, revenues for each source must be clearly identifiable on the accounting records through the use of cost centers or separate accounts.

#### 1.2 Deposits

All checks shall be restrictively endorsed upon receipt.

Cash received shall be recorded on pre-numbered receipts. Checks shall be recorded on a check remittance log at the time of receipt.

Cash receipts (i.e., cash and checks) totaling \$500 or more shall be deposited within one day of receipt. Collections of less than \$500 may be held and secured and deposited weekly or when the total reaches \$500, whichever occurs first.

Duplicate deposit slips shall be retained and filed chronologically, and shall contain sufficient reference information for comparison to the Cash Receipts Journal (and individual receipts, if applicable).

### 1.3 Separation of Duties

An employee who does not handle cash shall record all cash receipts.

### 1.4 Bank Reconciliations

Bank statements should be received and reconciled by someone with no cash handling, check writing, or bookkeeping functions.

Monthly bank reconciliations should be prepared within 30 days of the bank statement date and reviewed by management for appropriateness and accuracy. The bank reconciliations should be signed by both the preparer and the reviewer. Reconciling items should be resolved timely.

## 2.0 Disbursements

### 2.1 General

All disbursements for expenditures, other than petty cash, shall be made by check.

Blank check stock shall be secured and accounted for to preclude unauthorized use.

Checks shall not be payable to "cash" or signed in advance. Checks written to employees for reimbursement of out-of-pocket costs must be supported by receipts and invoices.

If the bookkeeper signs checks, a second signature shall be required on the checks.

Voided checks shall be marked void with the signature block cut out. The voided checks must be filed with the canceled checks.

Unclaimed or undelivered checks shall be canceled periodically.

All supporting documentation shall be referenced to check numbers and marked "paid" or otherwise canceled to prevent reuse or duplicate payments.

Disbursements without adequate supporting documentation will be disallowed on audit.

## 2.2. Approvals and Separation of Duties

Employees responsible for approving cash disbursements and/or signing of checks shall examine all supporting documentation at the time the checks are approved and signed.

All disbursements, excluding petty cash purchases, shall be approved by persons independent of check preparation and bookkeeping activities.

## 2.3 Petty Cash

A petty cash fund up to \$500 may be maintained for payment of small incidental expenses incurred by the CONTRACTOR (e.g., postage due, small purchases of office supply items, etc.). The CONTRACTOR must obtain written approval from the County to establish a petty cash fund greater than \$500.

Petty cash disbursements must be supported by invoices, store receipts or other external authenticating documents indicating the item purchased and the employee making the purchase. In the event that outside (external) supporting documentation is not obtainable for minor disbursements (under \$10), such as parking meters, etc., then documentation shall be considered as proper supporting documentation on a basis of reasonableness. Petty cash disbursements should not be used as a substitute for normal purchasing and disbursement practices i.e., payment by check).

The petty cash fund shall be maintained on an imprest basis. A check should be drawn to set up the fund and to make periodic reimbursements. Receipts, vouchers, etc., supporting each fund replenishment must be bound together, filed chronologically and cross referenced to the reimbursement check.

## 2.4 Credit Cards

The use of credit cards, both CONTRACTOR issued credit cards and an employee's personal credit cards used on behalf of the CONTRACTOR,

should be limited to purchases where normal purchasing and disbursement practices are not suitable.

Credit cards issued in the CONTRACTOR's name must be adequately protected and usage monitored to ensure that only authorized and necessary items are purchased.

Credit card purchases should be pre-approved by CONTRACTOR management to ensure that they are reasonable and necessary.

All credit card disbursements must be supported by original invoices, store receipts or other external authenticating documents indicating the item purchased and the employee making the purchase. Credit card statements are not sufficient support for credit card purchases.

### 3.0 Timekeeping

#### 3.1 Timecards

Timecards or time reports must be prepared for each pay period. Timecards or time reports must indicate total hours worked each day by program and total hours charged to each of the CONTRACTOR's programs. Time estimates do not qualify as support for payroll expenditures and will be disallowed on audit.

All timecards and time reports must be signed in ink by the employee and the employee's supervisor to certify the accuracy of the reported time.

All employee hires and terminations, or pay rate changes, shall be approved by authorized persons independent of payroll functions.

### 4.0 Fixed Assets

A fixed asset is defined as an article of nonexpendable tangible personal property having a useful life of more than two years. The County recommends all fixed assets with an acquisition cost of \$1,000 or more per unit be capitalized.

Acquisition cost means the net invoice unit price of an item, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it was acquired.

#### 4.1 Identification and Inventory

All fixed assets purchased with Contract funds are to be used solely for the benefit of the Contract and should be appropriately tagged.

Each CONTRACTOR shall maintain a current listing of fixed assets, including the item description, serial number, date of purchase, acquisition cost and sources of funding.

An inventory of all fixed assets should be conducted at least once each year to ensure that all fixed assets are accounted for and maintained in proper working order.

#### 4.2 Security

Physical security should be adequately maintained over fixed assets to prevent misuse and theft of County property.

#### 4.3 Property Management

The CONTRACTOR shall assume responsibility and accountability for the maintenance of all non-expandable property purchased, leased, or rented with Contract funds.

The CONTRACTOR shall report promptly, in writing, to the County all cases of theft, loss, damage, or destruction of fixed assets. The report shall contain at a minimum, item identification, recorded value, facts relating to loss, and a copy of the law enforcement report.

CONTRACTOR shall dispose of or return to the County all fixed assets, in accordance with their Contract.

#### 5.0 Bonding – All officers, employees, and agents who handle cash or have access to the agent's funds shall be bonded.

### C. COST PRINCIPLES

#### 1.0 Policy

It is the intent of the COUNTY to provide funds for the purpose of CONTRACTOR providing services required by the Agreement. CONTRACTOR shall use these funds on actual expenses in an economical and efficient manner and ensure they are reasonable, proper and necessary costs of providing services and are allowable in accordance with the applicable OMB Circular.

#### 1.1. Limitations on Expenditures of Program Funds

CONTRACTOR shall comply with the Agreement and the applicable OMB Circular. The Circular defines direct and indirect costs, discusses allowable cost allocation procedures and the development of Indirect Cost Rates, and specifically addresses the allowability of a variety of different costs.

If a CONTRACTOR is unsure of the allowability of any particular type of cost or individual cost, the CONTRACTOR should request advance written approval from the County prior to incurring the cost.

1.2 Expenses Incurred Outside the Agreement Period

Expenses charged against program funds may not be incurred prior to the effective date of the Agreement or subsequent to the Agreement termination date.

1.3 Necessary, Proper and Reasonable

Only those expenditures that are necessary, proper and reasonable to carry out the purposes and activities of the Program are allowable.

2.0 Allowable Costs

For CONTRACTORS that provide services in addition to the services required under contract, the CONTRACTOR shall allocate expenditures that benefit programs or funding sources on an equitable basis.

In accordance with the applicable OMB Circular, agencies shall define their allocable costs as either direct or indirect costs (as defined below) and allocate each cost using the basis most appropriate and feasible.

The CONTRACTOR shall maintain documentation related to the allocation of expenses (e.g., timecards, time summaries, square footage measurements, number of employees, etc.).

Under no circumstances shall allocated costs be charged to an extent greater than 100% of actual costs or the same cost be charged both directly and indirectly.

2.1 Direct Costs

Direct costs are those costs that can be identified specifically with a particular final cost objective (i.e., a particular program, service, or other direct activity of an organization). Examples of direct costs include

salaries and benefits of employees working on the program, supplies and other items purchased specifically for the program, costs related to space used by employees working on the program, etc.

For all employees, other than general and administrative, the hours spent on each program (activity) should be recorded on employees' timecards and the payroll expense should be treated as direct charges and distributed on the basis of recorded hours spent on each program.

Joint costs (i.e., costs that benefit more than one program or activity) which can be distributed in reasonable proportion to the benefits received may also be direct costs.

Examples of bases for allocating joint costs as direct costs:

- Number of direct hours spent on each program
- Number of employees in each program
- Square footage occupied by each program
- Other equitable methods of allocation

## 2.2 Indirect Costs

Indirect costs are those costs that have been incurred for common or joint objectives and cannot be readily identified with a particular final cost objective. Examples of indirect costs include salaries, employee benefits, supplies, and other costs related to general administration of the organization, depreciation and use allowances, and the salaries and expenses of executive officers, personnel administration, and accounting.

Examples of bases for allocating indirect costs:

- Total direct salaries and wages
- Total direct costs (excluding capital expenditures and other distorting items such as subcontractor payments)

## 2.3 Acceptable Indirect Cost Allocation Methods

OMB Circulars describe the following allowable methods for allocating indirect costs.

- Simplified allocation method
- Direct allocation method
- Multiple allocation base method
- Negotiated indirect cost rate

### Simplified Allocation Method

This method can be used when an organization's major functions benefit from its indirect costs to approximately the same degree. Using this method, all allocable costs are considered indirect costs and an indirect cost rate is determined by dividing total allowable indirect costs by an equitable distribution base.

#### Example

Agency-wide indirect costs	\$250,000
Less: Capital expenditures	<u>10,000</u>
Allocable indirect costs	240,000
Total agency-wide indirect salaries	\$1,000,000
Indirect cost rate ( $\$240,000/\$1,000,000$ )	24%
Program direct salaries	\$100,000
Program indirect costs ( $24\% \times \$100,000$ )	<u>\$24,000</u>

### Direct Allocation Method

This method can also be used when an organization's major functions benefit from its indirect costs to approximately the same degree. Using this method, all costs except general administration and general expenses are treated as direct costs. Joint costs for depreciation, rental, facilities maintenance, telephone, and other similar expenses are prorated individually to each direct activity on a basis appropriate for that type of cost.

The remaining costs, which consist exclusively of general administration and general expenses are then allocated using the simplified allocation method previously discussed.

### Multiple Allocation Base Method

This method can be used when an organization's major functions benefit from its indirect costs in varying degrees. Using this method, indirect costs are grouped to permit allocation of each grouping on the basis of the benefits provided to the major functions. Each grouping is then allocated individually using the basis most appropriate for the grouping being allocated.

## Negotiated Indirect Cost Rates

Agencies have the option of negotiating an indirect cost rate or rates for use on all their Federal programs. The CONTRACTOR must submit a cost allocation plan to the federal agency providing the most funds to the organization. The approved indirect cost rate is then applied to the total approved direct cost base.

If CONTRACTOR has a federally approved indirect cost rate, CONTRACTOR shall submit a copy of the approval letter to COUNTY upon request.

### D. UNALLOWABLE COSTS

OMB Circulars address the allowability of a variety of different costs. For all costs, there are certain restrictions and limitation; however, the following costs are not allowable under any circumstances:

- Bad debts
- Contingency provisions
- Contributions and donations
- Fines and penalties
- Fundraising activities
- Interest expense (unless expressly allowed by Federal guidelines)
- Losses on other awards

### E. OVERPAYMENTS

If upon audit, or at any time during the Agreement year, it is determined that invoices submitted to the County and used as a basis for payments to the CONTRACTOR were inaccurate, County shall determine the total overpayment and require the CONTRACTOR to repay County. The County may withhold payments from CONTRACTOR's future payments for any amounts not returned to the COUNTY or credited to the Contract unless otherwise prohibited by State or federal regulations.

### F. MISCELLANEOUS REQUIREMENTS

#### 1.0 Insurance

CONTRACTOR is responsible for securing and maintaining insurance coverage as required by the Agreement. CONTRACTOR must notify County when insurance is revoked, reduced to a level or coverage less than required, or otherwise made ineffective.

Insurance shall include an endorsement naming the COUNTY as an additional insured.

2.0 Activity

No funds, materials, property, or services contributed to the COUNTY or the CONTRACTOR under this Agreement shall be used in the performance of any political activity, the election of any candidate, or the defeat of any candidate for public office.
